

EUROPE

ISSUES PER NGO'S FROM ORIGINATING CONTINENTS

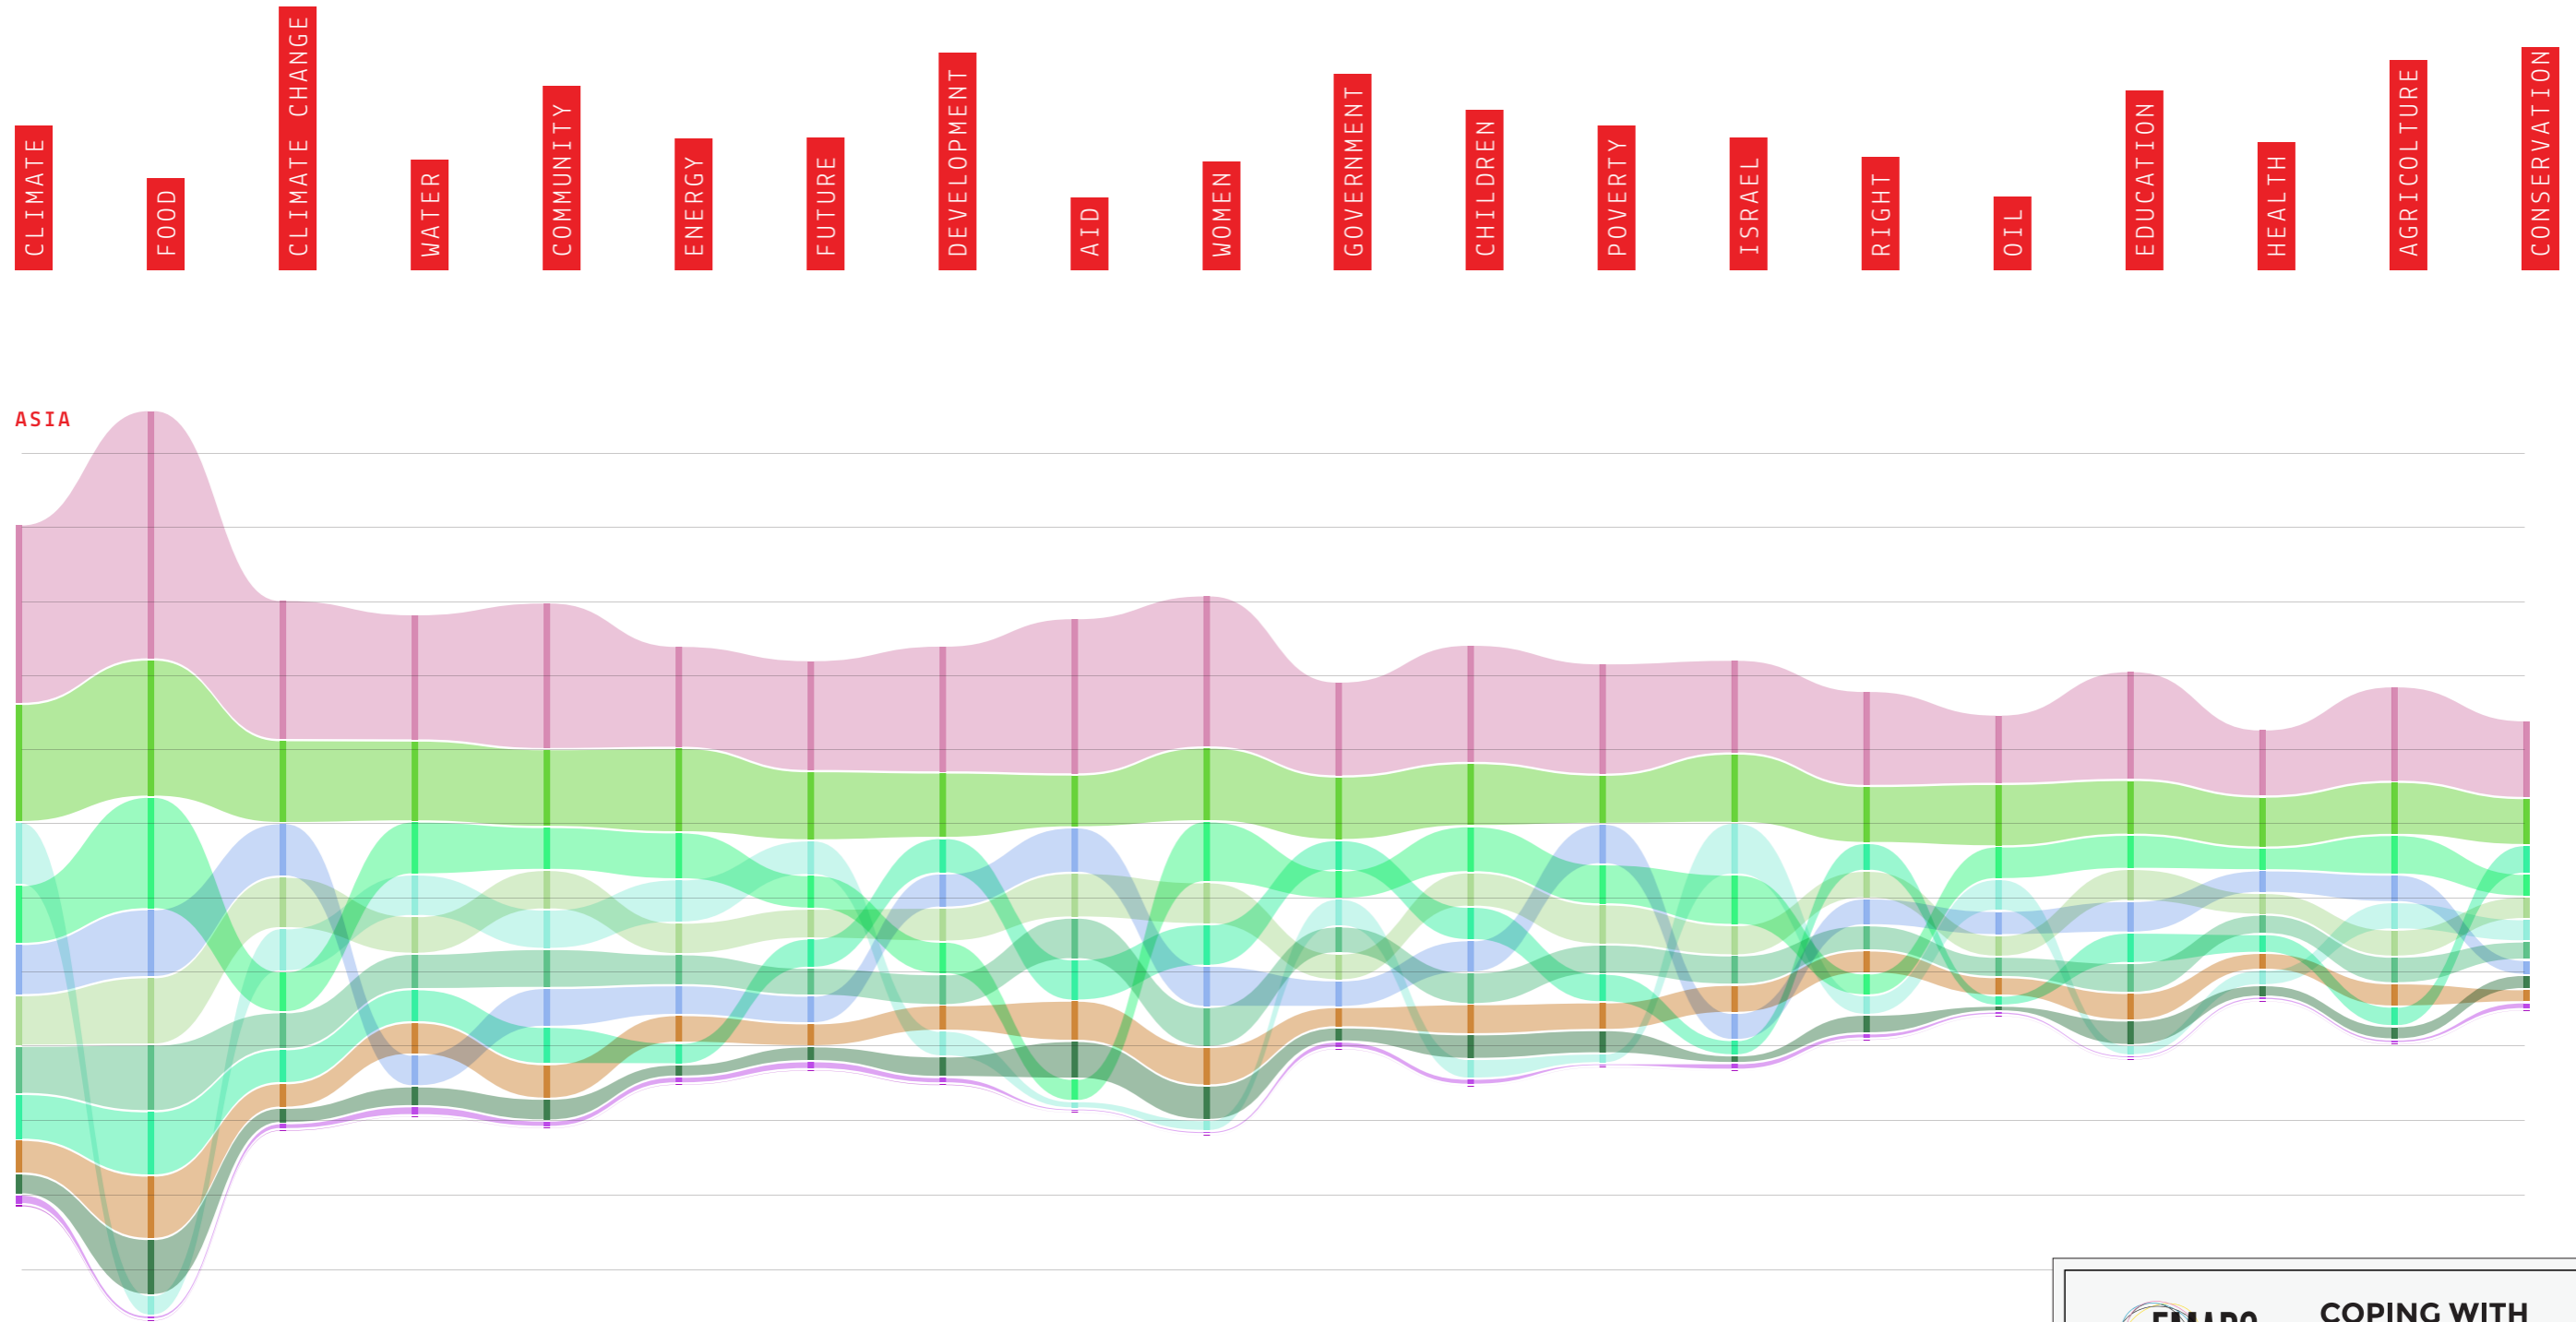

**COPING WITH VULNERABILITY TO CLIMATE CHANGE**  
 AMSTERDAM, 24-28 MARCH 2014

[www.emapsproject.com](http://www.emapsproject.com)

A list of 74 NGO websites was created based on shared members between the Climate Action Network and TCKTCKTCK. Searching manually through the NGO's missions and agendas delivered 279 issues. By testing the resonance of the issues, an issue agenda with main issues, sub-issues and main actors was created. This map shows where the main issues resonate most based on the originating continents of the NGO's.

**MAPPERS:**  
 Cristel Kolopaking, UvA  
 Emilio Patuzzo, Politecnico di Milano  
 Erik Borra, UvA  
 Kristina John, UvA  
 Niklas Johannes, UvA
